

Jr. Software Developer - Ruby on Rails 4292

Send resumes to: rpatel@brossgroup.com

Location: Broomfield, CO

Bross Group is a premier IT Consulting and Staffing firm headquartered in Lakewood, CO. We specialize in assisting our clients in the identification of the best IT professionals for their consulting, staff augmentation, direct placement, and application development needs. With over 20 years experience in the IT Consulting industry, we are set apart by our commitment to the success of our clients and goal of making the candidate experience a positive one.

- 2+ years of Ruby on Rails (prefer v2.0+ experience) development including all layers (model, view, and controller); tend to build by feature so can't prefer to work only in one architectural layer.
- Very strong UI skills including in depth knowledge of HTML, CSS, Javascript, Ajax, CSS, XML.
- Flex on RoR is also a plus (although too early to tell if we will use Flex). Strong SQL skills (preferably on Oracle).
- Prefer experience working with Unix; deploying RoR on Solaris 10 with Oracle is a big plus.
- Prior experience developing with other object oriented languages such as Java, C++, or C# a plus.
- Prior experience with other web application frameworks such as J2EE, Hibernate, Spring, .NET a plus.
- Comfortable working in an agile environment with monthly releases; must adapt well to requirements changing and very comfortable multitasking.

BS/BA in computer software/software engineering disciplines

All qualified applicants will receive consideration for employment without regard to race, sex, creed, religion, color, national origin, sexual orientation, veteran status, and mental or physical disabilities. US citizens and Green Card Holders and those authorized to work in the US are encouraged to apply. We are unable to sponsor H1b candidates at this time.
